Quality and Service that Soars!

Centennial Plastics, Inc offers polyethylene products and customer service that soars well beyond the expectations of our customers. We were founded in 2001 by a dedicated group of individuals with a combined 250-plus years of industry experience. Today, Centennial Plastics is one of the leading manufacturers of polyethylene pipe in the nation.

We go the extra mile to assure customer satisfaction by:

- » Using the finest grade of polyethylene materials and latest extrusion technologies.
- » Keeping extensive inventories of our products at our Hastings, Nebraska and Nampa, Idaho production facilities as well as stocking representatives and distributors across the United States.
- » Helping to streamline the installation process by clearly identifying all of our products.

We invite you to give us the opportunity to prove that Centennial Plastics offers quality and service that soars.
